AUTHENTIC GASTRONOMY

A TRUE TASTE OF MALLORCA

BALEARIC RESTAURANT

Balearic is the culinary heart of the hotel where guests can enjoy traditional gastronomy rooted in the strong culinary values of the region, where dining is a social affair. Diners can savor Spanish and Majorcan cuisine made using only fresh ingredients sourced primarily from neighboring farms and fishing ports.

TAPAS BAR

Tapas Bar offers a sociable dining experience and a mouthwatering menu that emphasizes the genuine flavors of Spanish gastronomy. Guests can enjoy conversations over freshly prepared tapas, artisanal wines and cocktails created by skilled mixologists.

ASIA RESTAURANT

Serving Southeast Asian delicacies, the restaurant maintains a deep, almost pantheistic reverence for the surrounding nature, with a beautiful gardened terrace.

VORO RESTAURANT

VORO offers a bold, exciting, sweet and intense gastronomic proposal designed by Michelin-starred chef Álvaro Salazar. The chef bases his recipes on seasonal products, especially from the Balearic Islands, therefore the market and the seasonality mark the dishes' composition.

A woman is lying face down on a massage table, receiving a back massage from a therapist. The therapist's hands are on the woman's upper back. In the background, another person is visible, and the setting appears to be a spa or wellness center.
