SUSTAINABILITY & ECO-FRIENDLY PRACTICES

We are committed to contributing to a greener world while simultaneously offering our guests a sumptuous getaway, by implementing coherent sustainability initiatives:

- Our eco-conscious accommodations and facilities feature energy-efficient lighting, water-saving fixtures, and eco-friendly amenities, all designed to create a comfortable yet sustainable environment for our guests.
- Dining at our restaurants means savouring delicious dishes made with locally sourced, organic ingredients. We also focus on meticulous planning to minimise food waste, and promote composting and sustainable farming practices.
- Set on minimising our ecological footprint, we actively promote recycling and waste reduction to our guests and staff, while we encourage guests to further join us on our efforts by promoting eco-friendly transportation, such as bicycle rentals and the use of public transit.
- We are committed to respecting and giving back to our community by supporting local initiatives and educating our guests about the importance of responsible tourism.

GREEN KEY CERTIFICATE

Our commitment to sustainable hospitality and eco-friendly practices has earned it the prestigious Green Key Certificate. Internationally recognised, this certificate is a leading standard of excellence in environmental responsibility and sustainable operation within the tourism industry. It represents a commitment by businesses to adhere to the strict criteria set by the Foundation for Environmental Education (FEE). By choosing to stay with us, our guests are helping make a difference for the environment, as the high standards expected of Green Key certified establishments are maintained through rigorous documentation and frequent audits. The Green Key programme is recognised by the World Tourism Organization (UNWTO) and UN Environment (UNEP).
