History and Heritage

A stunning and perfectly hand restored 15th century villa that lies proudly on the hillside of Fiesole, with inspirational views of Florence and the rolling Tuscan landscape.

A magical place, where our obsession for the perfect service and experience blends with the grandeur of the setting.

A truly unique experience, a way to enjoy and be a part of both Florence and Tuscany that cannot be imitated. A dream, my dream, a dream I would be honored to share with you.
