

# New Romance Awaits

VILLA DUBROVNIK  
Romance forever.

# Welcome at the New-Old Villa!

We did so many things during the Winter in Dubrovnik.

We celebrated New Year. We welcomed Star Wars. Made Old City part of the Galaxy.

And we redecorated our Villa for the new romances.

Villa Dubrovnik was always beautiful. But never like this.

Prepare to fall in love, again.

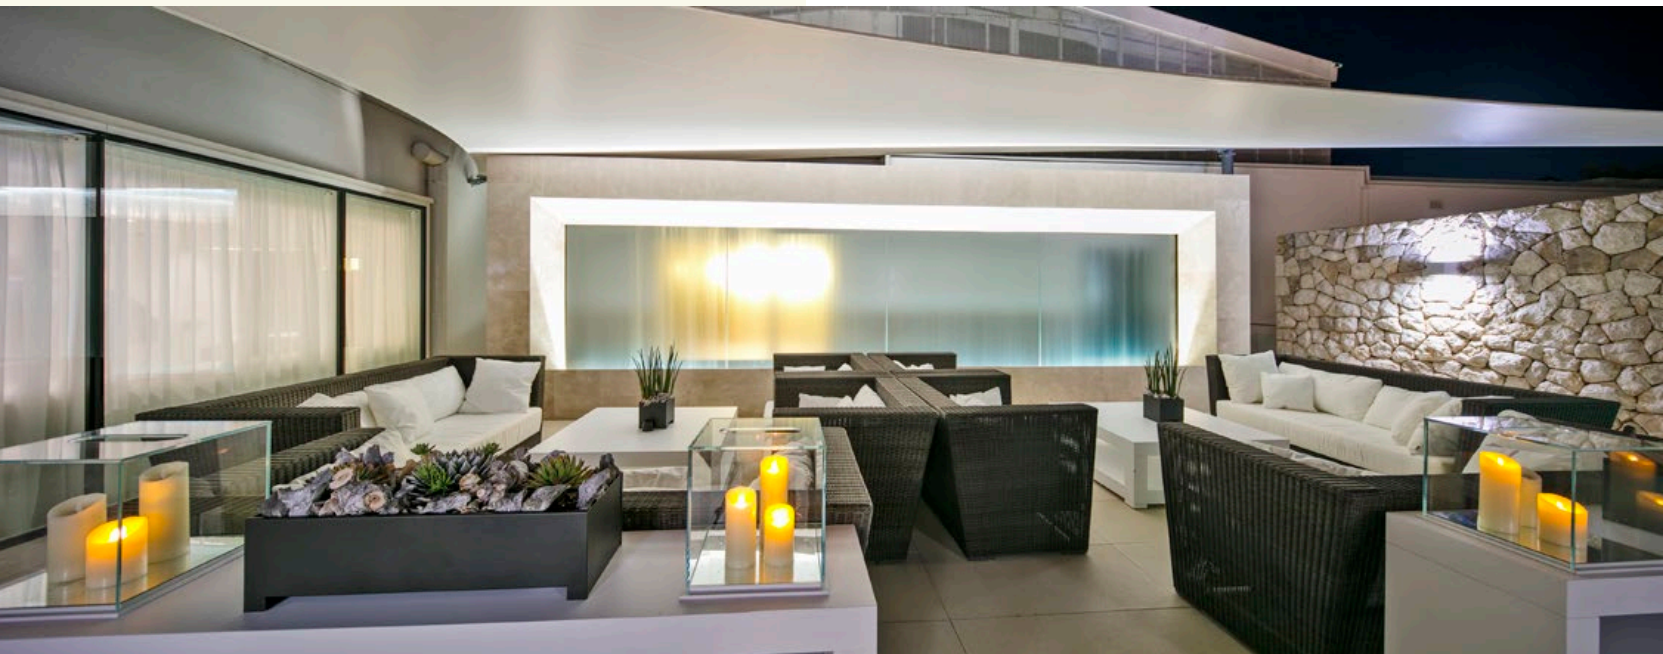

# Entrance Foyer

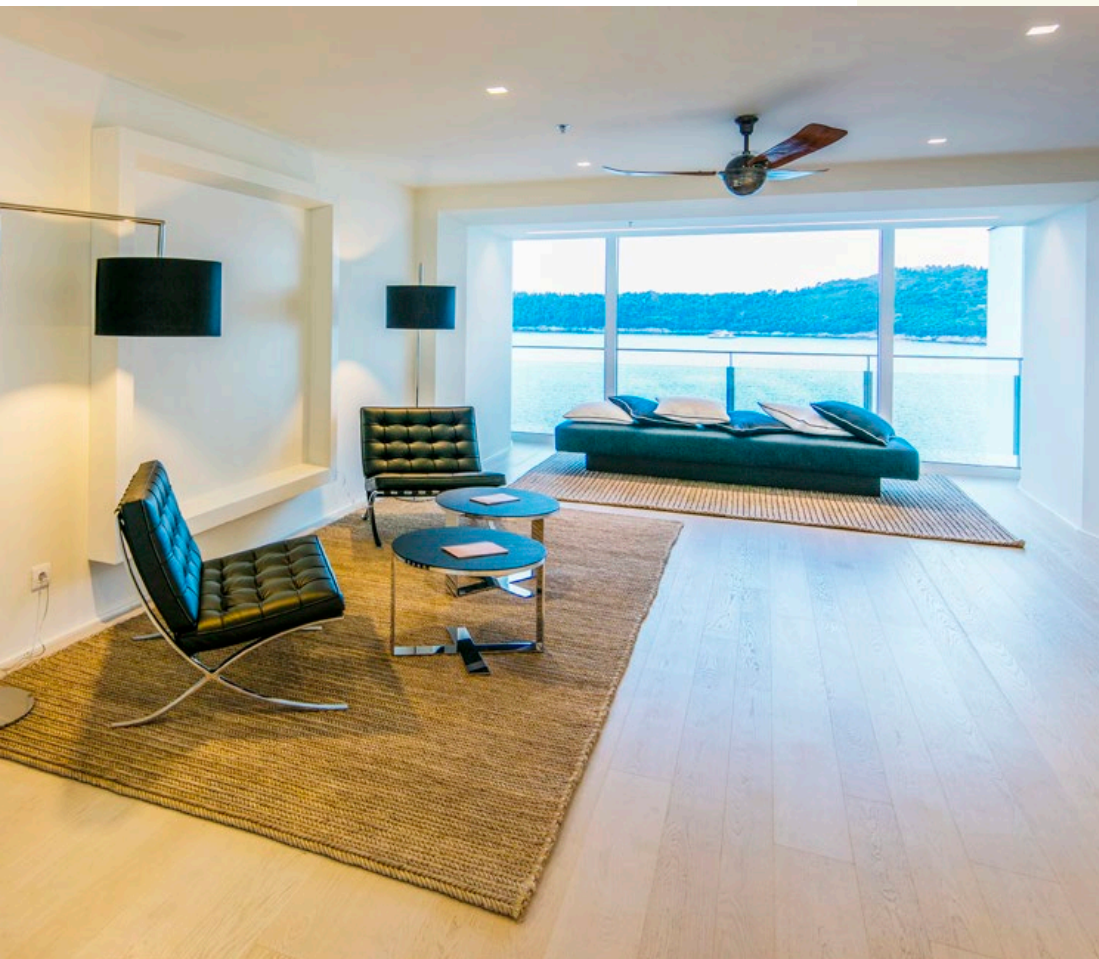

Feel the new love from the very first step.

Spend your mornings or evenings in the shade of our unique stone-wall foyer.

Find a minute just for you and your beloved with the Mediterranean scent of lemon trees and pines.

And do not forget to enjoy the lights.

# The Sea Welcomes You.

Reception Revisited.

We know the first impression is the most important.

So we made the Reception feel like home.

You will almost want to book it for your stay.

# Pjerin Experience

The view from restaurant Pjerin's terrace was always special.

Now we made it even more spectacular.

New Pjerin welcomes you with its exceptional gastronomic journeys both outside and inside.

Indulge yourself in every way.

You deserved it.

# Giardino is Love.

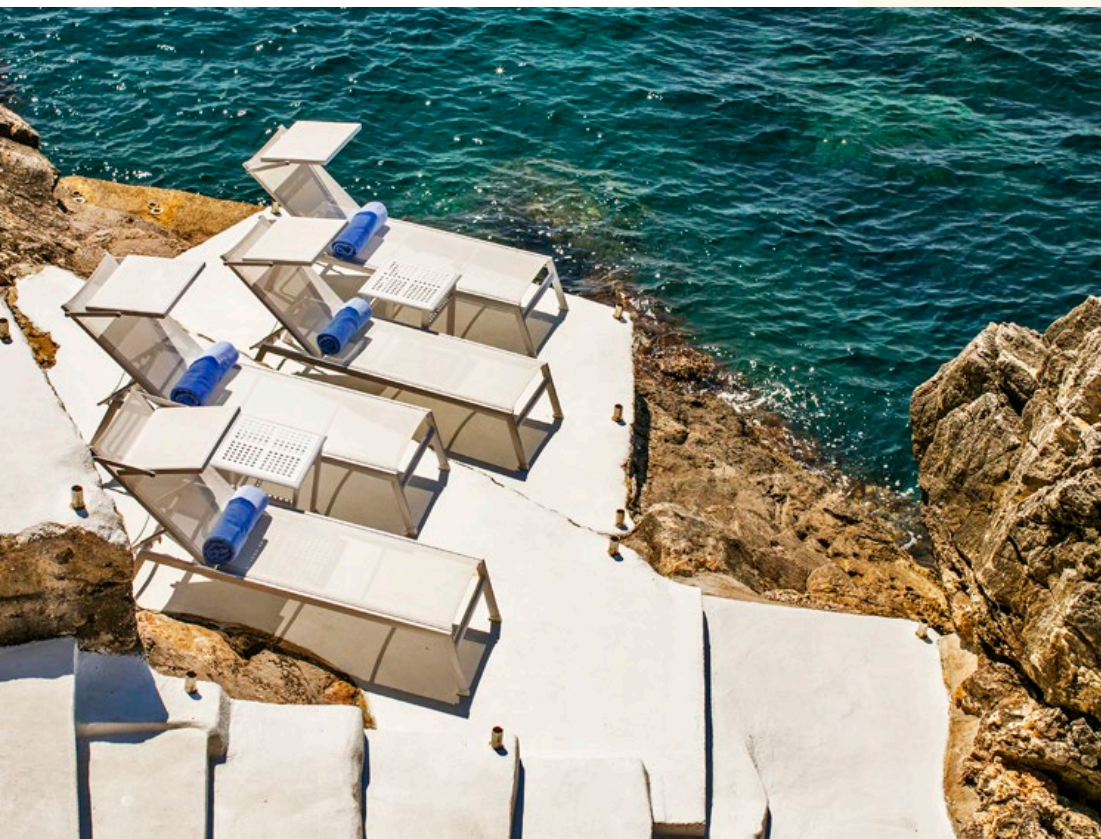

Al Fresco Restaurant  
Giardino is our most kept  
secret.

One you already know  
everything about.

It is the place where true  
romance of Villa lives from  
dawn until dusk.

And from now you will keep  
that secret even more.

# Sun. Sea. Sensation.

Villa Private Beach

Villa can not live without its beach.

It is where you spend your day. It is where you wait for the evening.

New Villa Beach makes you forget the time even exists.

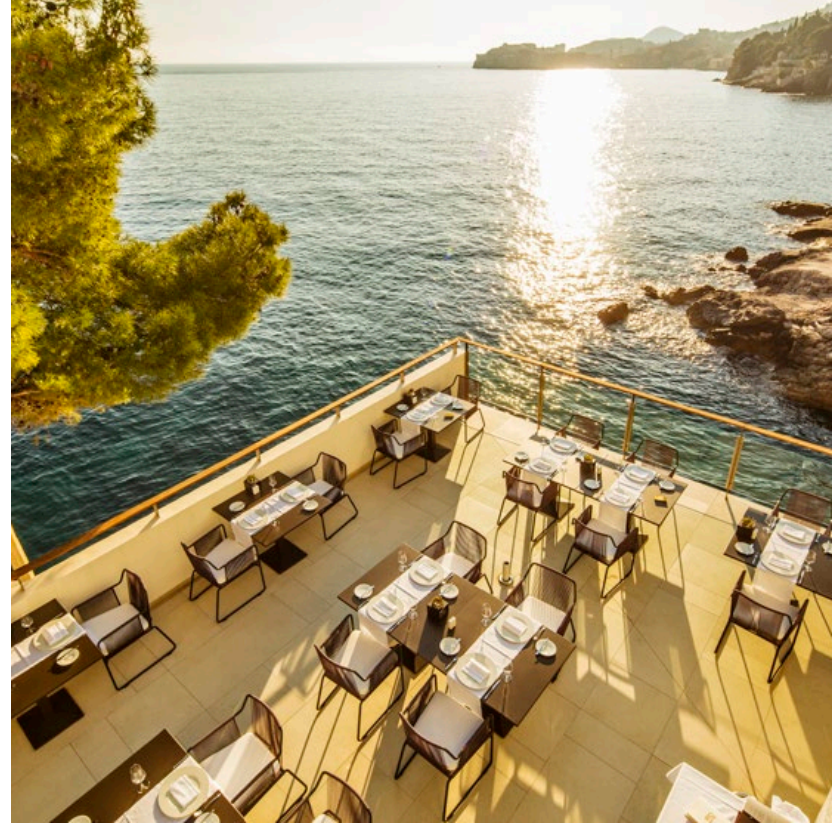

# Romance Forever.

We love to keep our promises.

When we built the Villa, we promised ourselves it will be the most unique place in Dubrovnik.

We promised you Romance Forever.

And that is the promise we will never forget.
