ONE&ONLY LE SAINT GÉRAN UNVEILS TRANSFORMED SPA Mauritian Legend Reborn December 2017

26 October 2017- The legendary One&Only Le Saint Géran in Mauritius will set new standards of ultra-luxury in the Indian Ocean when it is reborn and welcomes guests back on 1 December 2017, following a multimillion dollar transformation. One&Only has unveiled an advance preview of some of the resort's exciting wellness developments, including a new-look spa, exciting partners and treatment menu.

Long hailed as the legendary iconic luxury retreat in Mauritius, One&Only Le Saint Géran will retain what guests have always loved - a sense of exclusive seclusion on its own private peninsula with a beachfront and calm lagoon unlike any other resort on the island. However, the entire resort has been completely transformed, celebrating the destination and the authentic and genuine service that One&Only is known for.

The reimagined One&Only Spa now covers over 1,000 square metres and offers an incredible panorama overlooking the lap pool and lagoon, surrounded by serene water and lush vegetation as well as secluded outdoor gardens for blissful open-air therapy. Prior to, or post treatment, guests are invited to use the new heat facilities including a steam room and sauna, or relax on day beds around the infinity pool. The One&Only Spa entrance, hidden amongst a jungle of palm and coconut trees, will immerse guests in a world of tranquillity and peace. The thirteen newly designed treatment rooms surround the pool, with some opening onto their own private garden with outdoor showers, truly allowing guests to relax, switch off and feel revived in their very own private hideaway.

The One&Only Spa will continue its partnership with the award-winning ESPA brand, offering tailored holistic experiences, ranging from pure relaxation to unique and signature wellness journeys. Signature treatments utilising indigenous and authentic techniques, 'Only Here', will offer the ultimate experience for guests of all ages such as 'Mauritian Fusion', a poultice treatment to sooth muscular aches and pains using a Mauritian herbal blend of neem, tulsi, moringa and lemongrass, or 'Chakra Balancing' which aims to release deep seated tension and blocked energy using local mint, citronella essence and volcanic hot stones. The 120-minute 'Essence of One&Only Le Saint Géran' begins with a tropical body scrub using naturally sourced indigenous ingredients such as coconut (known on the island as the 'tree of life'), honey and sugar, reminiscent of sugarcane that can be seen throughout the island. A full-body massage with warm nourishing oils completes this journey as guests will feel the stress and tension melt away.

The One&Only Spa will also unveil a new Bridal Suite, a secret hideaway for brides getting married at the resort. The suite is entirely designed to pamper guests from head to toe and relieve them from all tensions ahead of one of the most special moments of their lives. From a private entrance, a mini hair and make-up studio, a changing room with a large mirror for fitting the dress, to a manicure/pedicure station and a private garden with outdoor shower, this suite will be the perfect place to relax during the preparation for the most special moment of a bride's life.

Guests will also have the option of taking their wellness journey out to sea on board a beautiful vintage boat, Lady Lisbeth, for a full day experience cruising the lagoon, coast and neighbouring islands with a private skipper, butler and spa therapist. Guests will begin the day with a romantic breakfast at the resort and then be transferred to the boat where they will set sail for the day and enjoy a tailor-made massage on-board, a champagne picnic, be able to swim and snorkel in the Mauritian azure waters and enjoy watching the sun set as they sail back to the resort.

To complement ESPA, the resort has partnered with three well-known brands to complete the wellness offering; Biologique Recherche, with the best combination of advanced products for facial treatments, Harmonia by Francesc Miralles, a highly respected Chinese medicine authority and practitioner, and once again the revered podiatrist, Bastien Gonzalez. A first for Mauritius, Biologique Recherche bespoke facial treatments will be available at the One&Only Spa, and use their fragrance-free products that are all formulated with high concentrations of active ingredients derived from natural or biotechnological compounds. The Biologique Recherche 'Only for You' treatment will allow the Spa experts to diagnose each individual's Skin Instant® and then recommend products and techniques best suited. According to Biologique Recherche experts, a person has several skins whose condition changes numerous times in a single day, as well as during the course of a lifetime. Also offering anti-aging treatments and the Solar Range, a three-stage treatment programme that will help guests maximise the benefits of moderate sun exposure and avoid possible damage, One&Only Spa has the essential combination of treatments on offer.

The award-winning Harmonia method by Francesc Miralles draws on Eastern and Western philosophies and at One&Only Le Saint Géran guests will be able to book a three to ten-day package which will include personalised nutrition plans, daily follow-ups, exclusive treatments, healthy movement and lifestyle coaching. Alternatively, they will be able to experience Harmonia through an 'a la carte' menu of options that include In Harmony, Cleanse and Detox, Disconnect to Reconnect or Pure Beauty and Silky Skin. Guests can continue their wellness journey by visiting the Pedi:Mani:Cure Studio by Bastien Gonzalez and enjoy the multi-award-winning Bastien Duo, a four-hands treatment that takes care of the feet, legs, hands and arms resulting in healthy, strong and naturally shiny nails.
